

## **CONTRACT AGREEMENT DOCUMENT:**

if these terms are to be violated by either party, this agreement will be terminated alongside the contract if the situation in question is as severe.

### **Contract:**

An agreed protection contract with [PMC]x\_\_\_\_\_ of a portion of their fleet while the contractee/Junker Corp scraps remains of fallen vessels for profits, and unsold materials in a percentage will go towards them and [PMC] as compensation for giving armed escorts.

### **Agreement**

If [PMC] Accepts the contract from Junker Corp to aid them with armed vessels as paid escorts on their salvaging missions they must abide by these guidelines and requests as stated below:

- **All damaged or dead PMC vessels** in the local salvage space will be **100% returned** to PMC
- **salvage vessels from PMC will accompany to retrieve fallen vessels.** At **no cost** must PMC be taken by the other party's salvaging ships, but all other vessels are theirs to take. ( this means all your fallen ships are not allowed to be taken by us if you have been in battle but we are allowed to take all the other fallen vessels)

- PMC will take **35% of the unwanted/unsold salvage as compensation**, and the Contracting

- party must **allow inspection of all the salvage left to make the accurate 35% compensation cost** to reduce risk of **mistrust or suspicion of not meeting the requested percent.**

- The protected party **mustn't interfere** with the PMC protection team while **in/out of combat** to

- reduce chances of **accidents or deliberate sabotage** if that were to happen.

If you have read through this agreement document and understand the terms with full acceptance please sign below as evidence of your cooperation.
